

DISCOVERY

In what ways do you currently help students identify their skills, talents, and abilities?

What ideas do you have to incorporate student self-assessment into your classroom?

Youscience: Aptitude Assessment

Myer-Briggs Type Indicator: Personality Assessment

Clifton Strengths: Skills & Strengths Assessment

In what ways could you utilize others (friends, family, etc) to help students discover their skills, talents, and abilities?

APPLICATION

Think about your current classroom projects, how can you restructure them to include a role for everyone using your students' unique skills, talents and abilities?

What opportunities could your students take advantage of in your community?

CONTRIBUTION

List your own unique skills, talents and abilities:

How do you share them with others?
